TRED NBCF 2023 FUNDRAISER WELCOME!

Thanks for being a valued part of the 4x4 outdoors community!

The National Breast Cancer Foundation (NBCF) is Australia's leading not-for-profit organisation funding world-class breast Cancer research towards our vision of Zero Deaths from breast cancer.

Since its inception in 1994, NBCF has invested around \$200M into more than 600 world-class research projects around Australia.

In this time, death rates from breast cancer have improved by 43%. These are remarkable results, but the job's not done.

TRED and NBCF are determined to create a better tomorrow. We know research matters, and it is central and critical to improving breast cancer outcomes. That's why we fund the very best breast cancer research in Australia by awarding grants via an open national, competitive and rigorous peer review process.

THANK YOU FOR YOUR SUPPORT!

JUST A FEW TIPS FOR A GREAT WEEKEND:

Safety

We want everyone to have a great, fun weekend and to get home safely too. For that reason, we want to highlight the following:

- » There will be no driving on park 4x4 TRACKS after sunset. This is for everyone's safety, so please respect this rule. If you break it, you may find yourself asked to leave.
- » Driving back to your campsite on Main Street only after sunset is permitted, however QLD road rules apply - headlights must be on, and all care must be taken to ensure the safety of your passengers and pedestrians. Park signs and speed limits must be adhered to, as well as Friday / Saturday night driving curfews will be enforced, see itinerary for time details.
- » Don't drink and drive. If you will be consuming alcohol, make sure you are not driving at all.
- » Keep an extra eye out. There will be children and families camping, so please be extra vigilant if you are moving a vehicle, even during the day.

Food and Water

- » There is no drinking water on-site. You will need to bring your own, or water will be available for purchase from the caterers.
- » Plenty of food and drinks will be available, including hot chips, burgers, coffee, cakes, etc, over the weekend. Dinner on Friday and Saturday night is likely to sell out, so if you have not prebooked, make sure you get in quickly.

Toilets and Showers

There will be plenty of toilets on site over the event, and a limited number of showers. Please be mindful that there may be queues and respect your fellow campers. If you have your own shower, we recommend bringing and using that, or considering showering outside peak times to avoid the queue.

Campsites

This is a family friendly event, and we need to be considerate of others. If you are located in the main camping areas, strict curfews for music and noise will be in place to ensure everyone has a good experience.
